Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: These medications are available  
from a few, reliable sources.  
Please, consider the need of women  
which have been traditionally  
under-researched & under-served  
by the FDA.

Thank you  
D. Chavell
